The International Society for Computational Biology (ISCB) Student Council cordially invites your esteemed company to partner with us in supporting the ISMB/ECCB 2025, by sponsoring the ISCB 21st Student Council Symposium 2025 (#SCS2025).

The SCS 2025 serves as a platform for emerging scholars and young researchers (students & junior postdoctoral researchers) in the field of computational biology and bioinformatics to meet, present their work in front of a global audience, build a network within the computational biology community and obtain opportunities that can contribute to the development of their scientific career.

The upcoming ISCB Student Council Symposium presents a remarkable chance for students and professionals from all corners of the globe to come together and connect, regardless of location.

**THE EVENT WILL BE HELD ON JULY 20TH 2025, WITH
OPTIONS TO ATTEND IN-PERSON AND ONLINE.**

On behalf of the organising committee, we would like to thank you for your time and consideration.

With your support we aim to make the symposium a wonderful experience!

Do you want to be the reason promising young researchers have the opportunity to develop their career and make connections? Would you like to promote your organisation to future leaders at the most popular student symposium in the field of Computational Biology? If so, please do not hesitate to contact us with any questions. We look forward to building a strong and valuable relationship.

Best regards,

Megha Hegde & Jeff Didier
